Computer Skills

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Internet & Email
- English Typing
- Windows Operating System
- Basic Computer Knowledge

Technical Skills

- Python
- C
- C++
- GitHub

Academic Project

GoRaksha – Veterinary Healthcare Management System

Developed a web-based platform to improve access to veterinary healthcare services for farmers. The system helps users locate nearby veterinary doctors, provides emergency guidance and first-aid information for livestock, creates awareness about animal diseases and government schemes, and improves communication between farmers and veterinary professionals through an easy-to-use digital platform.

Strengths

- Quick Learner
- Hardworking
- Honest and Responsible
- Team Player
- Good Communication Skills
- Time Management
- Positive Attitude

Languages

Kannada, English
